

QUICK-ATTACH BUCKET FORKS

FEATURES:

- Safety Lock System to hold forks in place
- Rods made of 4140 high carbon steer
- Forks have a safety rating of two times the stated capacity

SAFETY LOCK SYSTEM

Provides increased production and versatility for Compact Tractor Front End Loaders. Turns your loader into a forklift in seconds. Installation requires welding mounting brackets to the bucket's top lip or spill plate. The forks then mount easily in seconds by simply curling the bucket and driving into the forks - then leveling the bucket, forks automatically lock in place. Safety lock system to hold forks in place; rod made of 4140 high carbon steel and forks have a safety rating of two times the stated capacity.
