

EMPTY BIN & LADDER TRAILERS

MODEL TR-900

MODEL TR-600

TR SERIES

The TR-900 Empty Bin Trailer is designed to transport empty bins to the field for use with four wheelers and ATV's. The three-bin capacity trailer is equipped with 955 lb. capacity torsion flex axle. Standard equipment includes: two 530 x 6 6-ply tires, 955 lb. capacity torsion flex axle, and a 1-7/8" ball hitch.

The TR-600 Ladder Trailer is designed to carry up to 34 ladders with the option of 40 ladder capacity. Standard equipment includes: torflex axle equipped with 14" or 15" good used automotive tires; tie down loops and a 2" ball hitch. The heavy duty version incorporates the same features found in the standard version with the exception that it includes a heavy duty torsion flex axle, new 225 x 15 tires, and fenders.
