

ROLLER TRAILERS

MODEL TR-200-2N

MODEL TR-200-4

TR SERIES

The TR-200-2N & TR-200-3N low profile roller trailers were designed for narrow row vineyards or applications that require narrow overall widths. These trailers are primarily suited for hauling empty or full fruit bins. Standard equipment includes a 3000 lb. capacity axle with 20.5X8-10 tires, clevis hitch, heavy duty rollers, and a flip-over lock to contain loads and a self unloading feature.

The TR-200-4 & TR-200-5 trailers were designed to haul cherry bins or empty bins. Standard equipment includes a 3500 lb. rigid axle for normal field conditions or a optional torsion flex axle for rough conditions. Both models are equipped with 225X15 tires, 2" ball hitch with safety chain, chain link load retention, and a self unloading feature. These models can be customized for various applications upon request.

MODELS	CAPACITY	LOAD CAPACITY	AXLE TYPE	TORSION FLEX AXLE	TIRE SIZE	BIN STOP	IMPLEMENT JACK	SHIPPING WEIGHT	OVERALL WIDTH	LENGTH	SAFETY CHAINS
TR-200-2N	2 Bins	3000 lbs.	Rigid	N/A	(2) 20.5 x 8-10	Flip Over	Optional	500 lbs.	53"	149"	Yes
TR-200-3N	3 Bins	3000 lbs.	Rigid	N/A	(2) 20.5 x 8-10	Flip Over	Optional	700 lbs.	53"	197"	Yes
